

STANDARD FORM NO. 64

Office Memorandum • UNITED STATES GOVERNMENT

~~SECRET~~

TO : Files

DATE: 16 Dec 1955

FROM : 25X1A9a

FROM : [REDACTED]

SUBJECT: Meeting of Working Group on Propellants and Fuel Additives

25X1A9a

At above meeting, [REDACTED] suggested that a subcommittee of three prepare an initial briefing paper to present to the Working Group, outlining importance of the various commodities, scope of the report and some initial remarks. CIA and Commerce will take responsibility for the negotiating end. Technical developments will be flagged by Defense and Intelligence.

Col. Green proposed symposium on propellants. Wants to do a full exploration of this situation - full attendance by Working Group. Question of timing. Requests lists of questions from working group members so that Col. Green can get a symposium set up. X1A9a [REDACTED] Ext. 4247, will be the contact. The EDIC Secretariat will distribute any materials.

Next working group meeting will be Fri. Jan 13.
